Subject: PFBS and GenX - IRIS toxicity assessments - review
Attachments: PFBS_Internal Rev Draft_v9.docx; DRAFT AGENCY Tox Assessment for GenX Chemicals_05-14-18.docx; Appendix B_GenX_version051518.pdf; GenX PFBS_External Peer Review_Requested expertise and charge questions_5-14-18.pdf

Rick –

Attached are the IRIS Toxicity Assessments for PFBS and GenX for Agency Review. As the PFAS Regional Coordinator, please share the documents with regional staff for their review, as you feel necessary. I will be reviewing the documents and will share with the toxicologists in the HSCD-OTAS-Technical Support Branch for review if they have time and interest. Please forward all comments to me (gehlhaus.martin@epa.gov) by May 23 so I can compile the comments and submit by the May 25 deadline.

The IRIS Program has requested that the review focus only on substantive issues and has noted that due to the Administrator's timeline a response to comment will not be submitted.

Please contact me with any comments, questions, or concerns.
